Galbreath Recounts Baseball Experiences

Introduced by William J. Begley, the speaker at yesterday's meeting of Bristol Rotary Club was John W. Galbreath, president of Danherst Corp., and president of the Pittsburgh Pirates.

As a preliminary he told some intimate stories of experiences in the baseball field, which were greatly enjoyed by the audience.

He related his introduction into the group housing picture, and explained his philosophy in regard to the needs of the people as to housing. The planning was well thought out before Fairless Hills was started, he informed. The reason uppermost was to build the community before the steel mill got into active operation, so as to avoid the building of slum areas.

Between 100 to 200 houses will be erected for renting. He outlined in detail regarding the improvements that Fairless Hills will incorporate. The numerous applications for stores, etc., will be carefully scrutinized and then give the merchants a fair chance to succeed.

The meeting was in charge of its president, Harold N. Crooker.

AWARDED TROPHY

Bracken Post Cadets have been awarded a trophy for the showing the corps made at a parade held Tuesday evening in Mayfair. Fifteen corps participated.

UNIQUE PRESENTATION MADE TO ROTARY CLUB

Walton Henry's Address Is "How Our Business 'System Operates'"

GIVEN AT ANDALUSIA

ANDALUSIA, Oct. 26 — Bensalem Rotary Club held a meeting Tuesday evening in King Hall. Russell Struble presided. Following dinner, Mr. Struble called upon James Kyte to introduce the speaker, Walton Henry, vice-president and production manager for Soabar Co., Philadelphia.

Mr. Henry gave an illustrated talk on "How Our Business System Operates." This talk is developed for presentation by employers to their employees and is sponsored by the National Association of Manufacturers. It is designed to educate the employees on just how a business is organized, managed, its many features and accomplishments and the benefits that are derived.

The talk was well illustrated by an unusual method. Mr. Henry had with him a large "flannel board." Bright-colored cards had a backing of nylon bristles. The cards, displaying the different subjects being discussed, were placed on the flannel board.

The course of instruction as presented to a group of employees would cover four days. The talks are given conference style, with the speaker addressing the employees and inviting comment and discussion about facts and figures as they are presented. Mr. Henry presented the club with a condensed version of these talks. There are four subdivisions and a single one is continued on Page Six.

"This survey included all industries now or expected to be operating in the area by that time employing fifty or more workers. These establishments are believed to employ an estimated ninety-six per cent of all workers in manufacturing. At the present time

FORMER SEN. GRUNDY MAKES GENEROUS GIFT TO FUND BEING RAISED

Honorable Joseph R. Grundy has presented \$50,000 to the Lower Bucks County Hospital Building Fund on behalf of himself, his sister, Miss Margaret R. This amount, supplemented by anticipated federal funds of \$800,000 left only \$293,613 to be raised in the concluding week of the campaign.

At the second report meeting of the fund's community campaign, held at Goodwill Hose Company Number 3 in Bristol, the workers' new reports brought the total number of pledges received to date to 1,083, for an overall average of \$80 per subscription. LATEST NEWS BULLETINS

Conservatives Hold Majority

London — With only 47 seats still to be decided, Winston Churchill's Conservatives held an over-all parliamentary majority today of 28 seats over the Labor and all other parties. Results announced in the second day of tallying votes in the crucial general elections of yesterday showed the Conservatives sweeping ahead and the Laborites standing still or falling gradually behind. Even if there should be a Socialist and Liberal party coalition, which is regarded as unlikely, the Conservatives would have a majority. This was more than enough for the Conservative party leadership and an official spokesman said that when all the results are in, Churchill will have an over-all majority of from 20 to 25 votes in the House of Commons. He said that this will constitute a "working majority." Churchill was also re-elected to his seat in the House of Commons today in his local constituency of Woodford, Essex.

"No Mediation" Until Suez Canal Zone is Evacuated

Cairo — Egypt's Foreign Minister said flatly today there can be no mediation of the Anglo-Egyptian dispute until British troops evacuate the Suez Canal Zone and the Sudan. Mohammed Saleh El-Din held out the possibility of Egypt's joining a western-sponsored Middle East defense command but "only after Egypt's demands are fulfilled."

American Jets Damage Five Soviet MIG-15's

Eighth Army HQ — American jet pilots shot down or damaged five Soviet-type MIG-15 jets over northwest Korea today in a renewal of large-scale aerial fighting. None of the American jets was damaged or lost in three battles that swirled all the way from the Yalu river border between Korea and Manchuria down to the vicinity of Pyongyang, 110 miles to the south. The jet duels were announced by the Fifth Air Force as bitter Red ground resistance held attacking United Nations troops to only small gains on North Korea's central and western fronts.

ARREST "TERRACE" WOMAN; CHARGED WITH LARCENY

Officers Check Case In Which \$180 is Missing Following A Fire

THE PALOWEZ BLAZE

Juanita Marrie, 44, Lodged In County Jail To Await Trial

A woman resident of Bristol Terrace II, Juanita Marrie, 44, of 1216 Court J, is in Bucks County Jail at Doylestown, awaiting trial, charged with larceny and receiving stolen goods.

The Marrie woman was arrested by Bristol Township Chief of Police Joseph Seader, and Assistant Bucks County Detective William L. Stackhouse, Wednesday. She was given a hearing before Justice of the Peace M. M. Lawrence and held without bail.

According to Chief Seader, Mrs. Marrie had been employed in the household of Mr. and Mrs. Michael Palowez, Bristol Terrace I, going there each Friday for the past four or five weeks, to assist with the cleaning. The Palowez home was gutted by fire on Monday evening, most of the contents at that time being destroyed. Later it was discovered that \$180 secreted in various parts of the house, in sections not touched by the blaze, was missing. The money included: \$95 in halves; \$52 in \$2 bills; and the balance in \$1 bills.

According to officers a number of \$2 bills were found on the person of Mrs. Marrie. She denies emphatically that she took the money, police claim; but it is stated she has expressed her willingness to furnish labor to the extent of the missing money.

She had been arrested on suspicion of the theft of the money Wednesday at her home, and later the charges of larceny and receiving stolen goods were preferred.

Officers are still working on the case.

JAPAN MAKES AN OFFER

Having learned that a straight
swap of manufactured goods for
raw materials does not appeal to
the Asiatic nations, Japan has
made a new offer. Tokyo now
proposes to exchange capital
goods—probably machinery—and
technical skill for rubber and tin,
among other items.

If a deal of this sort can be ar-
ranged on mutually satisfactory
terms, it might work out reason-
ably satisfactorily. Countries on
the Asian mainland are extremely
backward in manufacture. Japan,
of course, has both the experience
and ability to make goods cheaply
and profitably. That's why her
competition is feared by her neigh-
bors. If, therefore, Japan is will-
ing to furnish both machines and
know-how, the Asiatic nations
should not summarily reject the
offer which has been made. They
would gain, as well as Japan, by
that kind of bargain.

BIG TALK IS COSTLY

The country's allies in Europe
seem to have seized with alacrity
upon recent statements by high
officials in Washington about the
"incredibly deadly" new weapons
now in preparation. Americans
regard this development as in-
creasing prospects of success in an
all-out war. Western Europe, ac-
cording to news reports, looks
upon it as an excuse for relaxing
its efforts toward rearmament.

When the people of Europe—
notoriously great pedal draggers—
are told that A-bombs and
rocket planes have become sec-
ondary in importance, they are
more convinced than ever that the
United States can save them from
any Russian threat.

President Truman, Senator
McMahon and several high mili-
tary figures have been guilty of
extravagant talk in this direction.
That is the same President Tru-
man who wants to put a gag on
the American press. The only
censorship that seems to be called
for is self-imposed censorship of
the President's own remarks.

Victims of inflation can un-
derstand why a dog chases his
tail. He is trying to make ends
meet.

COMMUNICATION

Miami Beach, Fla.
Oct. 23, 1951

Editor, The Courier:

Words cannot express my highest
feeling of pride towards the parents
of the members of Bracken Post
Junior Cadet Corps, which I had
the pleasure of acting as host,
while they were attending the
American Legion Convention in
Miami Beach.

Each and every parent should be
further proud of the daughters and
sons, while performing for the tre-
mendous crowds, also their behav-
ior while guests at the "Adams
Hotel". The town of Bristol is to
be commended on the outcome of
the competition.

The many Legionnaires that rep-
resented Bristol, among them the
I. J. Hetherington's, are to be high-
ly praised for their many efforts in
overseer work towards the chil-
dren. My honest opinion is that
Bristol was really represented and
noticed by many of the states rep-
resentation.

These comments should be
brought to the attention of all the
people in Bristol and may the good
work continue on.

In conclusion, if and when there
is a similar convention or any other
whereas Bristol's Bracken Post
Junior Cadet Corps participates, it

would be a great honor and privi-
lege to act as a host once again.

Sincerely yours,
I. J. LANU, Manager
Adams Hotel

NEWS OF SCHOOLS IN AREA---

All public, private and parochial schools in the Bristol area are invited to send news items for publication in this column which appears frequently.

Bristol Township Elementary Schools COMMUNITY BUILDING

The faculty and students of the community building welcomed two new students who have entered from the Bristol borough schools. They are Michael Kondyra and Paul Wysong.

MAPLE SHADE SCHOOL

In celebration of Pennsylvania Week all grades of the school were shown color slides of Pennsylvania. The slides included pictures of the industries and historic places, particularly of Bucks County.

In connection with their safety unit, the third grade saw color slides demonstrating safety practices. Some of the slides were of pictures taken of Governor Fine's safety campaign display in Philadelphia and others of the children practicing safety on the nearby highway. As a final activity in the safety unit, the children pre-

sented a play with puppets made in art class.

EDGELY PRIMARY

The faculty of Edgely primary school recently entertained the room mother representatives at tea. Teachers and parents became better acquainted. Plans for observation of American Education Week were made. Parties for pupils for the year were also planned. Teachers and parents benefited by exchange of ideas in formulating a practical program of parent and teacher cooperative activities.

Room mothers present were: Mrs. Jay Hook, Mrs. Irvine Hetherington, Mrs. Charles Simpson, Mrs. John Sinton, Mrs. Ronald Swain, Mrs. Thomas Foster, Mrs. Louis Simonangeli, Mrs. John Austin, Mrs. George Meade, Mrs. Dayton Feagly, and Mrs. Victor Rockhill.

Teachers present were: Miss Evelyn Teaf, Mrs. Katherine Glenn, Mrs. Sue Parsons, Miss Elinor Chatter, and Mrs. Nina Swangler.

GENERAL NEWS

The Touch Football League has started its second season. Three schools from Bristol which have a sixth grade were accepted into the league. Wood street, Bath street,

and Jefferson avenue schools, along with four schools from the township, namely Croydon, Edgely, Maple Shade and Laurel Bend, are now incorporated into a seven team league. Delhaas seventh grade has been included so that each team will have an opportunity to play every Saturday morning. Delhaas games do not count in the official standing of the teams.

The response has been better than expected. Over 200 boys have been present at the games every Saturday morning.

At the present time, Croydon is leading the league with two wins and one tie game; Edgely is second with two wins and one loss; Maple Shade is third with two wins and two losses; Wood Street is fourth with one win, one loss, and two tie games; Laurel Bend is fifth with one win, one tie and two losses; and Bath and Jefferson are tied for sixth place with one win and two losses.

The following players have been participating from the Croydon School: Roy Johnson, "Ed" Rodkey, Jerry Wolf, Harry Foerster, "Bob" Ball, "Bob" Czarnecki, "Ed" Moran, "Bill" McNutt, "Russ" Solomon, "Dick" Coyne, "Bob" Coates, "Teddy" Bock, Earl Stevens, "Bill" Tyskewig, "Bill" Denny, Harvey Swikens and "Bill" Lawson.

Edgely School players are: John Cordisco, Frank DeBoer, Bill Harris, "Ron" Katz, Lee Bintliff, "Larry" Doerr, "Bob" Churchrai, Dallas Adams, Clayton Kay, "Jim" Thompson, John Besack, Paul Smith, John Harmsen and "Art" Pietro.

Maple Shade players are: "Dick" Lentine, "Dave" Weideman, "Bob" McMahon, Bruce Hyde, "Ray" Eckert, John Leighton, Albert Adam, "Dave" Bowker, John Goodbred, Joseph Trendler, "Ed" Ebert, "Bob" Wallace, "Bill" Hodgkiss, and "Ed" Reichelt.

Laurel Bend players are: Gene Rexrode, Barry Turk, "Bob" Downs, "Joe" Simone, "Tony" Quici, Harry Mellor, Charlie Quici, Frank Williams, "Ed" Taylor, "Jim" Labor, Franklin Pollard, "Bob" Hollabaugh, "Joe" McEwen, "Tom" Turk and Roland Carroll.

All games are officiated by players from Delhaas high school and supervised by the following: elementary physical education instructor, Joseph Sagolla, Bristol schools; John Antoni, Delhaas high

and Henry Morgan, Bristol township.

The girls in the elementary schools have had an opportunity to play field hockey and tether ball for the first time. The girls also participate in softball, volleyball, and paddle tennis. Their inter-school competition in softball does not start until the latter part of the school year.

Fred K. Lefkowitz, school dentist, has started dental examinations in the elementary schools. He examines the children's teeth and gives informal talks to the children about good dental care. Notes are sent home concerning any defects which need immediate attention. If the parents wish any further information about examination, they should contact the school nurse at Delhaas high school. These examinations are conducted in 1st, 3rd and 5th grades, according to Penna. state laws. Any urgent cases from other classes are handled promptly by the dentist. He is assisted in his work by Selma L. Baird, R. N.

Delhaas High School

The Delhaas Archery Club had a very interesting experience Thursday at the weekly meeting. Warren Cross, a club member, invited Joseph Stevens, a resident of Bristol Township, to address the club on his favorite hobby.

Mr. Stevens has been an archery enthusiast for the past five years. He has participated in several

tournaments throughout the Pennsylvania-New Jersey area. Mr. Stevens has also had the thrilling experience of hunting deer with his bow and arrow in the mountains of Pennsylvania.

The club members were very interested in examining the bows and arrows which Mr. Stevens has constructed. Their visitor offered them many hints as to how they could construct their own equipment. At the end of the meeting, Mr. Stevens gave the boys an exhibition of his proficiency with the bow and arrow by the many hits he scored upon their indoor-basement range.

The club, which was organized by Mr. Malcolm Macfarlan last year, has an outdoor and an indoor range. Half of the twenty-five members own bows and others are making them. When the club members become more proficient with their bows, they plan to hold both fixed target and field target tournaments under the direction of their new sponsor, U. Berkley Ellis.

Prizes were awarded as follows: Comic, Joan Edwards; most original, Rose Coulter; fancy, Lorraine

Muller; general prizes, Kathleen Lukens, Lee Polk, Mary Tier, Barbara Tomlinson.

Games were played and prizes awarded to: Kathleen Lukens, peanut race; Joan Edwards, taffy game; "Betty" Clark, cracker eating contest. A paper cut-out game, played in team style, and apple bobbing were enjoyed by all.

LIVING RATES

HELSEINKI (INS)—To avoid customer protests during the Olympic Games local taxmen are hoping to get their cab meters altered to five with 1952 prices. Taxi meters right now still show the 1939 prices, which have to be multiplied twelve times to correspond with today's legal rates.

"WASHINGTON REPORT"

By FULTON LEWIS, JR.
(Copyright, 1951
King Features Syndicate, Inc.)

WASHINGTON, Oct. 26. Fifty-nine foreign countries are about to become beneficiaries of an additional \$10,000,000 in U. S. aid for military and other purposes. Since 1945 the Administration has spent \$32,000,000,000 for the same purpose. In addition, by a device known as counterpart funds, foreign countries have built up a kitty of \$9,000,000,000 in their own currencies as a result of American aid.

With few exceptions, Congressional hearings on the Foreign Aid Bill indicate, participating countries are able to carry a much heavier burden in the Collective Security Program than they are now doing. They are apparently lagging because of assurances of more cash from the U. S. Treasury.

With the exception of Great Britain, the average European country that shared in our billions increased its industrial production 13 per cent in the past year. This is in addition to an already accomplished post-war increase of 43 per cent over production levels existing prior to World War II.

Inflation, the invisible tax that is sapping U. S. economic strength under current spending programs, is declining in Europe; wholesale prices are stabilizing and even declining; government finances and crop and supply prospects are the brightest since the end of the war.

Great Britain is, of course, the continual exception, particularly in lagging coal production that has forced large-scale shipments from the U. S. to Europe. Britain, for example, could increase its coal production to supply the expanding industrial demands in Europe. One way would be to import labor.

thority to spend this also, although admittedly they were unable to do so during 1951. Added to this is related defense spending, hidden foreign aid grants in the form of dollar and gold reserves held by foreign countries, and atomic energy and related defense construction overseas. The total is \$10,000,000,000 more for Europe, the British and other areas, anyway you slice it.

It's too much, as most Congressmen know. But if Truman wants it his Administration leaders in Congress always seem to be able to get it for him. This is about as reasonable a way to run a country as it is to pay taxes on factories, roads and defense construction we build in Europe for their defense. But the Administration goes along with that one, too.

South Pacific. Following his discharge, he won numerous prizes for his sculpture and served as instructor at various arts schools, including the Munson-Williams-Proctor School of Art.

In April, 1947, Eaves married Miss Faye Bayer, of Utica, N. Y. Mrs. Eaves accompanied her husband to Europe in 1949, after he won a Fulbright Scholarship to study there. They lived in Montreuil, a suburb of Paris, France. They returned to this country in late September of this year.

Eaves' work has been exhibited in the Metropolitan and the Whitney Museums in New York and in many of the other museums throughout the United States, France, Germany, Belgium, Finland, and North Africa. He has had "one-man shows" at the Contemporary Arts Gallery in 1949, the Gallery Huit, Paris, in 1951, and the current show at the Contemporary Arts Gallery, which Stuart Preston of the New York Times reviewed as: "... a distinguished exhibition of sculpture."

There is nothing static about his work. The highly polished members of Eaves' pieces are continually moving in one direction or the other, merging imperceptibly with their neighbors. It is this infinitely varied spiraling of rhythms and counter-rhythms that furnishes the many satisfactory moments of this show.

MADRID (INS) — A new Spanish automobile traffic code is being studied by an international committee appointed for this purpose. It is expected that the new code will be put into effect by early spring.

Glamour To Frame Your Eyes

Mascara provides a dark, glamorous frame for pretty eyes. Apply it carefully. Be sure you distribute the color evenly.

By HELEN FOLLETT

THE human eye is like a gem, the beauty of which is enhanced by its setting. The lashes, when dark, long and tilted upward, form a pleasing frame, one that should be cherished, treated kindly and cultivated.

Few women give a thought to lashes, depend upon toiletries to impart the glamorous touch. That's all right, of course, but the pretty fringes should be oiled and massaged lightly if they are to survive. It takes only a minute.

Good Medium
Mineral oil is a good medium. If it gets in the eyes it will do no harm. If it remains on the eyelids that is all to the good, as a shimmer on the shutters of the soul windows makes those windows look brighter.

If the lashes are to be in a healthy condition, the eyes themselves must be in form. Redness of the lids may foretell troubles, should be looked after. Styes can deplete the growth of the silky fuzzers, cutting out of business the papillae from which they emerge. Brushing the lashes

helps a lot. Be sure the brush is kept scrupulously clean.

When applying mascara to darken the winks, dip the little brush in hot water before passing it over the cake. It picks up the coloring substance better than when cold water is used and distributes it more evenly. Apply only to the upper growth. To use coloring matter on the lower lashes may be to invite trouble. There is always a little moisture there and one may be surprised to find little muddy puddles thereabouts which will not add to the sum-total of facial loveliness.

Cute Little Gadget
You may be interested in using an eyelash curler. These cute little gadgets have two tiny rubber cylinders between which you place the lashes and press lightly together. They impart an upward curl that lasts for some time. Lashes offer a romantic element and that is really something. Demountable lashes can be bought but it is a slick trick to plant them among the home grown foliage. They are life-savers to movie stars whose winks do not qualify.

Employment To Jump 80 Percent

Continued from Page One

there are approximately 12,200 workers in these plants.

"Considerable difficulty will be involved in the recruitment of most of the 9,600 workers who will be needed within the year of which 2,300 will be females. Already serious difficulty is encountered in filling job openings for male workers, particularly in the skilled classifications.

"While the supply of female workers for production work is more than adequate at the present time, this situation will not continue to provide the number that will be needed. Qualified clerical workers have been in short supply for some time."

Mathews called upon employers to plan their hiring schedules now the same as they plan to meet their problems of production because the means for securing adequate manpower will be as difficult as any problem they will face from now on.

The speaker emphasized that his

estimate was reasonably accurate since it represented the combined estimates of the employers themselves.

Mathews urged his listeners to make full use of the Pennsylvania State Employment Service facilities in their efforts to solve their labor supply problems and called for an analysis of current hiring practices by employers themselves in order to fully utilize the manpower available.

HORSE DECLINE

LONDON — (INS) — The work-horse will be extinct in Britain in seven years if the present rate of "run-down" continues. Ministry of Agriculture statistics show that the number of agricultural horses decreased last year by 53,000 to a total of 360,000.

Today's Quiet Moment

By the Rev. Curtis L. Loux
Pastor
Oaklithurst Chapel, Pennel

The work of righteousness shall be peace; and the effect of righteousness, quietness and assurance for ever. What man is there who does not want peace? What nation is there that does not want peace? And yet peace is found only in righteousness. Righteousness means to be like God. This righteousness was met by one who as our substitute took our place not only to die for us, but also to become our righteousness, receiving Him makes us righteous, and brings peace, peace of mind and peace of soul, and what's more assurance forever.

BRISTOL HIGH TO MEET NESHAMINY AT LANGHORNE

Bristol High will try for its fourth straight Lower Bucks County win tonight when it meets Neshaminy High on Playwick field, Langhorne. Game will begin at eight o'clock.

Bristol is leading the Lower Bucks County circuit with three wins and no losses. A triumph for the Warriors will practically eliminate the Redskins from the championship as they have already lost a game and tied another.

Coach "Chick" D'Angelo's team has improved immensely since the start of the season, now having an even 500 average with three wins and three losses. Neshaminy's season record shows three ties, a victory, and a loss. In Lower Bucks competition, Neshaminy has tied Pennsbury and lost to Council Rock.

The Warriors, gunning for their first championship for several seasons, are "up" for the contest and were encouraged greatly by the "pop rally" held at the high school yesterday.

Coach D'Angelo has his entire squad intact, including Joe Muth, Frank Rubino and Frank Manzo, who were on the injured list. D'Angelo feels certain that his charging forward will be able to stop "Lou" Maurer, fleet Langhorne back, and a strong candidate for All Lower Bucks County laurels.

It is most likely that Bristol's starting lineup will have: Ends, Meehan and Gilles; tackles, Foltz and Rubino; guards, White and Charlton; center, Davis; backs, Dugan, Accardi, Holston, and Muth.

Two other important league games are scheduled for tomorrow afternoon with Bensalem playing at Southampton and Pennsbury meeting Morrisville at Morrisville. Morrisville is unbeaten in Lower Bucks competition but has a tied game in its log.

County Surveyor: Amos J. Kirk (R) and (D).

Also on the municipal election ballot are places to vote for two amendments, one for a proposed amendment to the Constitution (No. 1-A), and the other for a proposed amendment known as (No. 2-A). The first amendment is a "yes" or "no" proposition that would add a section to the Constitution of Pennsylvania abolishing all county offices in Philadelphia and providing for the performance of County functions by the City of Philadelphia. The other amendment (2-A), would amend the Constitution of Pennsylvania to increase the debt limit of the City of Philadelphia.
